DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Hein on 10/3/05.

The application has been amended as follows:

In Claim 1, line 1 delete "of the Gatling type".

In Claim 2, line 1 delete "of the Gatling type".

2. Claims 1-3 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not anticipate the claimed machine gun having a main housing and a top cover and safing sector assembly hingedly attached to the main housing, the main housing having a top cover latch keeper and safing sector latch keeper fixedly provided thereon, the top cover and safing sector assembly comprising a safing sector hingedly attached to the main housing, a top cover hingedly attached to the safing sector and a top cover latch assembly for permitting the top cover to be moved between open and closed positions and a top cover latch assembly comprising a top cover latch housing mounted proximate the top cover latch keeper, the top cover latch housing retaining a spring-loaded sliding latch member having a tab, the tab being manually actuatable for releasable engagement with the top cover latch keeper. Or the claimed machine gun having a main housing and a top cover and safing sector assembly hingedly attached to the main

housing, the main housing having a top cover latch keeper and safing sector latch keeper fixedly provided thereon, the top cover and safing sector assembly comprising a safing sector hingedly attached to the main housing, a top cover hingedly attached to the safing sector and a top cover latch assembly and a safing sector latch assemble comprising a safing sector latch housing mounted on the safing sector proximate the safing sector latch keeper, the safing sector latch housing having a central channel therein and having a top cover with a pair of tab openings, the safing sector further comprising a pair of safing sector latch members and each of the safing sector latch members having a tab portion that extends upwardly through a respective one of the tab opening in the top cover and a lower pin portion that protrudes outwardly with a central channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Chiabrandy (US Patent # 3,380,341, # 3,380,342, # 3,380,343), Cozzy (US Patent # 3,766,821), and Dillon (US Patent # 6,443,044).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michelle (Shelley) Clement whose telephone number is 571.272.6884. The examiner can normally be reached on Monday thru Thursday 9-5.
